Yes, please!! A great plugin. It is very useful, it can load huge JSON file into Notepad++ for visualization and search. Thank you very much! (Cannot wait for the JSON lines to be implemented ; -) Best of the JSON Notepad++ plugin on the market (of everything I've researched)! The current version is 1.20. Formatted JSON has a better (compact) layout than other competitors I've tried. Formatted JSON has a better (compact) layout than other competitors I've tried. Simple automatic JSON formatting for Notepad++. Compatible with 64-bit NPP builds. 200k lines of JSON perfectly formatted in 1 second! Great tool and always better! I'm using JsFormat. Beautiful plug-in thank you! I use the JSMIn jsMin subfunction JSFormat. JSFormat, a source digestion, makes Javascript source easy to read and thus facilitates project development. ingenious plugin! A must for any developer! Just 1 suggestion, please update the links to the latest version. On the plugin project page it shows 1.6, plugin manager lists 1.5, on the homepage it is 1.01 and the latest file is 1.6.1 :-) confused me a little. Primal I have 10-15 spent reformatting JavaScript created by a plug-in for Acrobat, so it's already saved me a few times! Thank you!!
